Air and Sea Freight

Gondrand Atege — Competent Full Service.

For its airfreight needs, Gondrand ATEGE relies on renowned carriers. It can direct your logistical processes from all of Germany's economically relevant airports. Local carriers work around the clock to ensure the safe and reliable delivery of your goods and Gondrand ATEGE's own customs agency processes all the necessary import and export formalities. Over land the tight-meshed fleet network assures the punctual delivery of consignments.

Gondrand Atege reacts creatively and flexibly to your cargo capacity requirements. In addition, the full service air and sea freight provider offers tailored transport solutions based on qualified services.

In conjunction with the powerful partner Aramex, Gondrand Atege links all the important cities in the Middle East – to intensify your intercontinental business relationships.
